Tarnished, the latest product of acclaimed RPG developer TARASASHI GAMES, is here! "Fantasy" as a genre is always changing. You will start your adventure with your companions in an event called the "Rise", and will gradually break out of the rift, joining the war that is going on in the Lands Between. There are two types of people: those who appear in the Lands Between and those who do not. You will choose the latter, to save the world. The Lands Between has a vast world, and will be seamlessly connected to other worlds. The game story is a story of fate. It will unfold before your eyes as you advance your adventure!
