◆t. Well, he wasn't using it for anything else at the time." "How did he die then?" "He killed himself. I did a lot of thinking about that and what I would change if I was the one to find him." "Thank you so much for your time." "I don't know why it went so well." "We both had great questions. We'll head out of here." Casey slung her bag on her back and had the man give her a soft slap on the back of her thigh, took a deep breath and ran towards the exit. As soon as she did she felt a rough jaw pat her back and then a man had walked up and stood in her face. "Whoa, how much has my man copped to sis? You're going to get me in trouble." "You have no idea." Casey said and quickly ran to safety. #ChapterEight Back in the artifice Alex was content to be a normal person. She sat in her hotel room, a bowl of cereal on the table beside her. She was no longer in the Underworld. It was a burden she had hoped to rid her of quickly when she'd gotten there. Instead, she'd had to deal with her demons and she'd only come to terms with it after that. Going back to her regular life wasn't easy to make time for but she knew that she had to. She had never told Casey that she'd been there in the first place. The less her sister knew of what her brother had actually done her the better. As for Anna, even if Casey did ever find her way back, no way Anna would ever understand how great a hero her brother had been. Forgoing Alex's new life was all fine and dandy but after being faced with the fact of how he had died, Alex still had to choose what she was going to do with her life. She would have to come to terms with the fact that she'd never know if

**Defense APK Battle Tower Defense - Classic: Your mind will be cracked. No Storyline. Playing Easy. Classic Battle Tower Defence. This is a puzzle-game, which requires you to take care of your own tower. You have 30 lives, and have to hit all of the waves of monsters in order to continue. Each wave is super simple! There is nothing for you to do but just controlling the bullets. You have a machinegun which shoots bullets very quickly. As you defeat the monsters, a small heart begins to appear. When it becomes full, you are rewarded with a new battleship. There is no story line, so you will just be shooting at enemies for random reasons, not necessarily for money as you are just the bullets. Instructions:-----CURSOR

+/-Minus Star selections menu: ----- You need to figure out which star is select that you should use, and which star is un-select. There are three waves in a row. Each waves are simple, that each battle has only 3 or 4 bullets. For example 1) Triple S: 3 bullets of each waves are shot through the first, second and the last waves. 2) S Star: First shot is through the first wave. Second wave is through the second and the last wave. 3) S - Triple S: First and the second bullets are through the first and second waves. The last bullet is through the last one. 4) - Triple S: The first three bullets are through the first wave. The last one shot is through the last wave. If you can find out how many bullets you shot and the order of the bullets, you will know which star you should pick. If you have any question, feel free to ask, I will see what it is and the answer to the question is good. 1. Make sure that you dont have connection to internet, as the data is saved locally and no internet connection is required, it is all greyed out. 2.
